

POLICY IMPLEMENTATION

Development of Administrative Directives

The Superintendent is authorized to promulgate such administrative directives, as may be necessary to carry out the policies adopted by the Board. If Board action is required by law, or the Board has specifically asked that certain types of directives be given prior Board approval, these directives shall be forwarded to the Board for action.

Dissemination of Policies and Regulations

Administrators and supervisors will be responsible for informing staff members of all newly adopted policies and regulations.

Administration in Policy Absence

In cases where action must be taken by the school system, and the School Board has provided no guidelines for administrative action, the Superintendent shall have power to act, but his/her decisions shall be subject to review by the Board at its next regular meeting. It shall be the duty of the Superintendent to inform the Board promptly of such action and of the need for policy.
