

TERMS OF EMPLOYMENT

The terms of an individual's employment will be specified in a contract made between the individual and the Board. Revocation of necessary certificates, i.e. teaching certificate, CDL license, etc., annuls a contract. Statutory requirements, rules and regulations of the State Board of Education and the Hardy County Board of Education will be considered part of the contract.

The contract only assures employment within the county, but not in a particular school or a particular position.
